

**Pennsylvania Department of Education
National School Lunch Program 1998-99
Estimated Data Submitted October 1998**

The following information was submitted to the Pennsylvania Department of Education by School Districts, Vocational Technical Schools, and Nonpublic Schools who participate in the National School Lunch Program. The data reflects the numbers and percentages of students who are actually participating, not simply numbers of students who are eligible.

Eligibility is based on whether a student's family falls within 130% of national poverty guidelines for free meals, or within 185% of national poverty guidelines for reduced price meals. Totals were obtained using a simple average, not a weighted calculation. Every effort has been made by the Department of Education to validate submitted data; however, 100% accuracy cannot be guaranteed. Entities are listed by Intermediate Unit, then alphabetically, beginning with School Districts.
