

Guide to Entering Enrollment/NSLP/CEP Data in Each School's Profile

Julie Tritt Schell
PA E-rate Coordinator
February 2017

Reminder: How Discount Data is Captured into Forms

- The Form 471 no longer requires applicants to enter their enrollment and NSLP data in the actual Form 471 application
- Schools enter the enrollment/NSLP for each school in their EPC profiles BEFORE the filing window opens
 - Form 471 will then pull the enrollment/NSLP data from the schools' profiles to calculate the appropriate E-rate discounts
 - Library 471s will automatically pull the discount data from the public school district in which they are located
 - Consortia 471s will automatically pull the discount data from each consortia member's EPC profiles

Why is an Admin Window Needed?

- Admin Window is required order to avoid having two separate Form 471 filing windows for FY 2017
- The Admin Window will be open until Sunday, February 26, 2017 during which time schools will update each of their schools' EPC profiles
- After that, the school data will be “locked down” and the Form 471 window will open
 - It will not be possible to update this data after the Admin Window closes because that data will be linked to active library and consortia applications
 - If new schools open after the 471 window opens, call USAC at 888-203-8100 and they will try to figure out a work-around in these rare situations

PDE NSLP Data File

- File contains data submitted by Districts to PDE in October 2016
- Not all buildings in a district are listed, yet these must be included in your EPC Portals
 - File doesn't contain Non-Instructional Facilities (NIFs)
 - Call CSB at 888-203-8100 to add a new or missing entity
 - File doesn't contain schools that have dropped out of NSLP
 - E-mail Julie if you know of such schools
- If E-rate entity numbers are missing, you may e-mail them to Julie for inclusion in the file
- If you notice problems with your enrollment/NSLP data, contact PDE's Bureau of Food and Nutrition at 717-783-6558
