

FY 2018 E-rate Form 470 Filing Guide

Presented by:
Julie Tritt Schell
PA E-rate Coordinator
October 2017

Purpose of Form 470

- Online form to notify vendors of services and equipment for which you are seeking proposals
 - All equipment/services for which you will seek funding on the Form 471 must have been posted on a Form 470
- Vendors are invited to submit bids/price quotes for 28 days from the date of certifying your Form 470
- You are NOT obliged to purchase any service/equipment listed on Form 470

When Must a Form 470 be Used?

- Form 470s must be posted for all MTM services and at the beginning of any new contract
- If you signed a multi-year contract in a previous year, after posting a Form 470 and waiting 28 days, you are NOT required to post a 470 for the “out” years of that contract
- Don’t have to file 470 if using a contract extension, but only if that extension was specifically outlined in the contract
 - 3 year term, with two, 1-year extensions
 - Must have a definitive end to contract

Additional 470 Requirements

- Cannot be manufacturer-specific
 - Can list preferred manufacturer, but must include the words, “or equivalent” and then evaluate all bids
 - Can require equivalent bids must be “compatible with district’s existing xyz equipment”
- RFPs
 - Must be uploaded with Form 470 at time of filing
 - Addenda also must be uploaded later
 - Not required, except for:
 - Minimum state bidding threshold requirements
 - All applicants applying for dark fiber or construction of fiber procurements
- Vendors cannot provide RFP language or bid lists

Deadline to File Form 470s

- A Form 470 must be posted online at least 29 days before the Form 471 window close (example: March 18 close = Feb 18 deadline)
 - Don't yet know Form 471 deadline date
 - File 470 before December 1 if possible
- Recommended timeline:
 - November: File all Form 470s by Thanksgiving
 - December: Vendor bids submitted during December
 - January: Bid evaluation, board agenda submission
 - February: School board approval, sign contracts
 - March: File Form 471
- Form 470s being accepted in EPC NOW

How Many Form 470s to File

- Category 1 and Category 2 can be filed on the same 470, but not a requirement
 - C1 and C2 requests must be on different 471s
- There is no 1:1 requirement for 470 vs 471s
- If filing multiple 470s, be sure to use good narratives for easy identification when completing the Contract Record

Where to File the Form 470

- Form must be filed in EPC – the E-rate Productivity Center
- Before filing the 470, be sure to check the Entity List on the Landing Page to be sure all of the buildings (schools, libraries, NIFs) are listed
 - Contact USAC to have missing buildings added to EPC
 - Cannot add entities yourself

RFPs for Service Requests

Is there a RFP for any of the services you are requesting?

YES ✓

NO

Please upload all RFPs for the services you are requesting.

UPLOAD

 Drop file here

You must upload your actual RFP document. Uploading a document with a hyperlink to another website, including bid management sites, is not sufficient and can lead to funding denial.

If you have an RFP or any documents you will be providing to vendors, you **must** upload them with the Form 470. The system will allow you to upload multiple documents and then you can decide which requests belong with which RFP documents.

More on RFP Requirements

- In PA, Public Schools seeking equipment/related services that will cost more than \$19,400, must issue an RFP
 - C1 recurring services, such as Internet/Broadband, do not fall under this requirement
- All applicants seeking the following services MUST issue an RFP:
 - Leased Dark Fiber
 - Self-Provisioned Fiber
 - C1 Network Equipment
 - Maintenance and Operation of Leased Dark or Self-Provisioned Fiber
- All RFPs and related documents must be uploaded with the 470
 - Cannot just provide a link
- All subsequent material provided to vendors must be uploaded to the RFP/470 in EPC
 - Locate 470 in EPC > Related Actions > Add an RFP Document
 - 28-day clock must be restarted if material changes are made to the RFP
 - Changes in services, changes in entities

Information on How to Seek Bids for Different Services:

- If you are interested in considering proposals for any Leased Lit Fiber service, you MUST use the "Leased Lit Fiber" function. That will help ensure that Leased Lit Fiber providers see your bid request. Do not use the "Transport Only – No ISP Service Included" or "Internet Access and Transport Bundled" function.
- If you are interested in considering proposals for Leased Dark Fiber, you MUST use the "Leased Dark Fiber and Leased Lit Fiber" function. That will help ensure that Leased Dark Fiber providers see your bid request. It will also help ensure that your bid request complies with the competitive bidding requirement that applicants that request bids for Leased Dark Fiber also request bids for Leased Lit Fiber. Do not use the "Transport Only- No ISP Service Included" option to seek bids for Leased Dark Fiber or Leased Lit Fiber.
- If you are interested in considering proposals for a Self-Provisioned Network, you MUST use the "Self-Provisioned Network and Services Provided Over Third-Party Networks" function. This will constitute a request for bids for a Self-Provisioned Network, Leased Dark Fiber, Leased Lit Fiber, and any other service provided over third-party networks on a technology-neutral basis.
- Use the "Transport Only – No ISP Service Included" function when you are interested in considering proposals for services provided over third party networks that do not include commercial Internet Access service, other than Leased Dark Fiber (for which you should use the "Leased Dark Fiber and Leased Lit Fiber" function).
- Use the "Internet Access and Transport Bundled" function when you are seeking bids for services provided over third party networks that include commercial Internet Access service, other than Leased Lit Fiber (for which you should use the "Leased Lit Fiber" function).
- Use the "Internet Access: ISP Service Only" function when you are only seeking bids for commercial Internet Access service. Note that this does not include Leased Lit Fiber.
- Use the "Cellular Data Plan/Air Card Service" function when you are only seeking bids for a commercial wireless data plan only. If you are seeking cellular voice service in addition to cellular data service you should also utilize the "Cellular Voice" function.
- Use the "Cellular Voice" function when you are only seeking bids for commercial wireless voice service with no data or texting services. If you are seeking cellular data service in addition to cellular voice you should also utilize the "Cellular Data Plan/Air Card Service" function.
- Use the "Voice Service" function to request Analog, Digital, or Interconnected VoIP voice service.
- Use the "Other" function if the service you want is not listed, and provide additional detail about this service by uploading an RFP document. This option should also be selected if you are seeking support for: (a) Network Equipment such as modulating electronics and other equipment necessary to make an Category One service functional; or (b) maintenance and operation costs for Leased Dark Fiber or a Self-Provisioned Network.

Review this guidance if unsure which drop downs to select. Note: additional guidance for certain service types that may be more confusing than helpful. See next slide for plain language explanation.
